FORWARD

Agricultural statistics for Montana have been published in the biennial bulletin, "Montana Agricultural Statistics"; a historical bulletin in 1978 on State level statistics; and various periodic publications.

This bulletin of charts emphasizes the change over time in production of various crops, and numbers of livestock--also county charts show the county distribution for 1979. These should provide the reader at a glance, a picture of crop production and livestock trends since the beginning of records in Montana.

If more detail or the actual figures are needed, contact the Montana Crop and Livestock Reporting Service, P. O. Box 4369, Helena, Montana 59604.

W. Gordon McOmber, Director
Montana Dept of Agriculture

Daniel L Herbert, State Statistician
MT Crop & Livestock Reporting Service

Charts and maps prepared by
Sandra Sanford, Student Assistant
